**Public Use WiFi in GHBC**

## GHBC Public Wifi

- Today's expectation that wifi is available, often for free, in public spaces like GHBC
  - Received a written request for wifi access
  - Verbal requests received approx 2x/month in 2018
  - Many people want access to their 'data' via cloud services, relevant for speakers
- To provide such a service in GHBC we would need new wifi equipment
  - To ensure good coverage
  - To ensure good internet security of all users
  - To ensure fair use, particularly during services
- To control costs GHBC would also need unlimited broadband
  - Currently often come close to our limit

# Public Wifi Proposal

- Cost

Item	# units	Unit price	Extended price
WiFi access points	4	£125	£500
Network Hardware	2	£138	£276
Management software	1	£0	£0
Miscellaneous	1	£50	£50
Total			£826

- Purchase new wifi and associated equipment to provide an improved wifi service for all users of GHBC, regular or visitor and to upgrade our broadband connection to unlimited use
