- Pray for the families that receive our Boxes of Hope which all include Christian literature
- Pray for all the people coming into our building to use the Community fridge , that we may be welcoming, building good relationships with them and be able to invite them to our church activities
- Thank God for all the volunteers, those that buy or pick up the food, fill the bags, deliver the bags, staff the fridge.

If you have any free time available during the week and would like to help with any of the Stepping Stones activities then we'd love to hear from you.
